

## SOLDERING STATION 50W 19010 FOR HOBBY AND TRADE

Affordable Soldering Station for beginners

### PROPERTIES

- Power 50 W
- Temperature range can be set, analogue from 150°C to 450°C
- Temperature control via microcontroller
- Heating time approx. 180 seconds
- ESD socket 4 mm
- Size 150 x 105 x 50 mm

### SCOPE OF DELIVERY

- 1 pc. Soldering Station with mains cable, ON/OFF switch, temperature controller and heating control LED
- 1 pc. Soldering iron with soldering tip
- 1 pc. Soldering iron holder with sponge
- 1 pc. Operating instructions

### TECHNICAL DATA

Model	Soldering Station 50 W 19010
Tension	230 V / 5 Hz
Performance	50 W / 25 V
Fuse	250 V / 400 mA
IP	IP40
Certification	CE
Weight	ca. 1,6 kg

### PROPERTIES

- other mains cables with plugs for GB, Ch, IT, ...
- Soldering iron with soldering tip
- Soldering iron holder with sponge
- Soldering tips
